Dear Junior Explorer Club Families,

We are reaching out to update you about some staff changes here at the Clubhouse. Our Regional Clubhouse Director, Kelly Dyas is no longer with the JEC. We will miss her and wish her all the best on her next journey. She was an amazing teacher and played an instrumental role as the head administrator getting our new Clubhouse location up to code.

Despite her departure as the Clubhouse Director we are confident that her Co-Director, Kim Porter will step into her role to manage all the schedules and registration, and Kara Brackens will oversee the Ohio State licensing processes and procedures. Both directors have been a part of the JEC Family for over 3 years and have always gone above and beyond.

If you have any questions or concerns, please feel free to contact me.

Yours in adventures,

Michele Rapp
